

## **D&Y Launches New Subsidiary, D&Y Healthcare Connectors**

**(HUNTSVILLE, Ala.) June 21, 2010** – D&Y ([www.dystaffing.com](http://www.dystaffing.com)), a division of TeamHealth, is expanding its healthcare staffing coverage with the establishment of D&Y Healthcare Connectors, LLC, a division dedicated to the staffing of physician assistants.

“The shortage of family medicine physicians has been widely reported and is expected to continue,” said D&Y COO Susie Brown. “This anticipated shortage and the growing role of the physician assistant as a member of the healthcare team led D&Y to create an alternative staffing option to assist our clients in meeting the needs of their patients.” D&Y was established in 1989 and provides locum tenens and permanent physician staffing nationwide in primary care, hospital medicine, anesthesiology, radiology, and several sub-specialties. In January, 2010, D&Y announced the acquisition of Psychiatrists Only, a locum tenens and permanent placement firm dedicated exclusively to the recruitment and placement of psychiatrists.
